

# Calendar overview

## General

This menu item provides the user with an overview of the employees' attendances and absences. In contrast to the group calendar, this calendar view can be designed or filtered according to certain criteria using the search mask.

The explanation of the display of the calendar overview can be found after the explanation of the search mask.

## Search form

The following search filters are available:

- **Timeunit**  
Month, Week, Specified period  
If "Specified period" is selected, an input option for the from/to date opens below it
- **Specified period**  
Selection of the month or calendar week from the drop-down list

- **Grouping**

This parameter allows choosing between: No grouping, level 1, level 2, level 3, level 4

- **No grouping:** all users are displayed in alphabetical order.
- **Level 1:** all selected groups and users are grouped below the 1st node and then displayed
- **Level 2:** analogous to level 1, all users below the 2nd node are displayed here
- **Level 3 and 4:** analogue to level 1 and 2

- **Output format**

If this parameter is set to print version, you will get a print-friendly output of the list.

- **Selection tree**

This parameter provides the following choices: "Only authorized groups" and "All groups".

**All groups:** displays all groups of the company, even if the user is not authorized to view all of them.

**Groups with viewing permission:** displays all groups that the user is authorized to view.

- **Search**

If a search term is entered, a search is made in all groups for which there is an authorization to view. It is possible to search for a complete name (family name and or first name) or for a part of the name. The result then contains all possible family names as well as first names and is highlighted in color.

- **Consider selection in search**

Basically, all groups for which an access authorization exists are searched when an entry is made in the Search field.

If you check this option, only the groups selected under "Selection" will be searched.

- **Show result if possible**

Clicking on it will immediately switch to the results page and display the calendar of the selected person or group.

- **Selection**

In this parameter, the user has a choice between Organigram and Favorites, which can be created by the user.

- **Organigram**

By the selection criteria (Level, Show subgroups until level, Show detailed information) and by selecting certain loose groups, organigram groups, locations and cost centres you have the possibility to make the display more precise

The selection made is displayed in the lower left area of the search mask.

- All folders marked with a plus (+) symbol can be expanded even further to show the subunits...

- By clicking, the respective unit is checked. By double-clicking, all subunits are automatically checked as well.
- By clicking the arrow next to the organizational unit, it is possible to select/deselect the subgroups
- The selected organizational units or groups are highlighted in blue
- The buttons "Minimize tree", "All", "Show subgroups to depth" and "Show details" also offer display options of the organizational chart or the selection from the organizational chart
- Clicking the minus (-) symbol minimizes the tree > only the parent groups are displayed

- **Favorites**

Here, you can define which specific groups or persons are used for the display, regardless of the organizational structure. This can be relevant, for example, for a cross-group project or for frequent contact with certain other employees.

With the help of this parameter, each user can create his or her own favorites list, which can contain both persons and groups that are frequently queried. The favorites list can be customized at any time.

The screenshot shows a 'Selection' panel with two radio buttons: 'Organigram' (unselected) and 'Favorites' (selected). Below are two sections: 'Groups' and 'Persons'. Each section has a text input field, an 'Add' button, and a red arrow pointing to a selection box on the right side of the input field. A chat icon is visible in the bottom right corner of the panel.

- To add a person or group to the favorites list, please click on the selection box, select groups or persons from the window that opens and click "Add".
- The order of the people on the favorites list can be changed at any time using the arrow keys
- If you want to remove a person from the favorites list, click on the red delete icon to the right of the name.
- The same is to be done with groups

The search is started by clicking the "Refresh"- button.

## Display of the calendar overview

The screenshot shows a 'Calendar overview' for June 2023. It features a 'Refresh' button, a search bar, and navigation controls. The calendar grid shows entries for several people: Adam Angelika (CO), Berger Barbara (CO), Charon Claudia (V), Dorner Daniel (BT), and Elsner Elisabeth (BT). The days are color-coded: yellow for CO, green for V, and orange for BT.

Name	01	02	03	04	05	06	07	08	09	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30	31
Adam Angelika			CO	CO						CO	CO	CO	CO	CO	CO	CO	CO	CO	SL	SL	SL	SL	SL	CO	CO						
Berger Barbara					CO	CO	CO																								
Charon Claudia	V	V			V	V	V		V																						
Dorner Daniel																				BT	BT	BT									
Elsner Elisabeth			CO	CO						CO	CO																				
Huber Heinrich																															

Clicking on days when an entry is present opens a window with detailed information about that entry.
