

Group calendar

General

Via the **group calendar**, the user is shown all planned and consumed full-day and half-day absences of a defined group of persons (usually his department).

This view is intended to ensure smooth leave and absence planning within a defined group of persons (department).

Unauthorized absences are displayed in red and approved absences in black.

The user can query the group calendar using the **time unit** week / month or the **specified period** (displays the desired month). The month can be changed with the arrow buttons.

In the group calendar, each staff member sees the colleagues from his or her department or, according to his or her viewing authorisation, also colleagues from other departments.

The screenshot shows the 'Group calendar' interface. At the top, there are two dropdown menus: 'Timeunit' set to 'Month' and 'Specified period' set to 'June 2021'. Below these are navigation arrows and a date range 'Jun 1, 2021-Jun 30, 2021'. On the right, there are buttons for 'Print', 'PDF', and 'Excel'. The main part of the interface is a calendar grid with columns for days 01 to 30 and rows for staff members: Auer, Franz; Elisabeth, Meiermann; Ernst, Ludwig; Gruber, Josef; and Haas, Lukas. The grid contains various colored cells representing absences: green for vacation (V), orange for sick leave (SI), and blue for other absences.

By clicking on the approved (black) or unapproved (red) absences, detailed information on the respective absences can be obtained:

The screenshot shows an 'Info' dialog box with a close button (X) in the top right corner. The title bar reads 'Daily Calendar Jun 9, 2021: Gruber Josef'. Below the title bar, the section 'Absencereasons' is displayed. A checked checkbox next to 'whole Day' is followed by the text 'vacation (approved)'. Below this, it says 'Request approved by: Gruber Josef', 'Duration: from Jun 3, 2021 to Jun 18, 2021', and 'Comment:' followed by an empty text input field.

Practical functions

In addition, it is also possible to make a time correction / absenteeism request for the selected day with a right-click in the corresponding cell in the calendar.
